

Jaltemba Bay Animal Rescue

Advocating humane and healthy practices for animals in the Jaltemba area by promoting health, education, sterilization, adoptions, foster care and positive relationships with animals and their owners.

December 2006 to January 2011: During this time, there were 9 clinics and more than 1,802 animals spayed or neutered in the Jaltemba Bay Area!

UPDATE:

Our next clinics will take place in Lo de Marcos from March 30th to April 2nd and in the Jaltemba Bay area from April 6th to 9th inclusively.

Again, these will be major clinics as Dr. Malcolm McCartney and Dr. Terry Chatton along with Karin Roslee, a head technician, Lori Jenkins, a vet assistant and Sandy Espeseth, a former head technician and current vet hospital manager will be arriving from Victoria, Canada to work alongside our MASH (Mobile Animal Surgical Hospital) unit from PEACE. The MASH unit includes veterinarians from Mascota, Bucerias and Tepic.

Please spread the word as we may be short of volunteers as many folks head back to the U.S. or Canada in March.

We request donations of old sheets, towels, collars, leashes, dog/cat food, paper, and donations of money to support our clinics.

Many thanks to Bobi and Brian Emmons and Nancy Milski for offering two lunches for our volunteers. We will need refreshments, snacks and two more lunches.

Accommodation will be provided by Casa Contenta and Lacy Brunetti. We may need more help in this area as well.

Old towels, sheets and newspaper are needed immediately for our animal shelter.

Many thanks to Dan Cormier for doing the following photo presentation for all of you to view.

Dan writes: "I recently made a visit to JBAR's domestic animal shelter in La Colonia. It was an eye opening experience and it inspired me to learn more about the plight of neglected animals in our area. That lead me to the work of Lin Chimes and the many volunteers that make up JBAR (Jaltamba Bay Animal Rescue). I did a little write-up of my visit and included information on how people reading this can help our local animal friends. Check it out here..."

Help from Adriana who is nine years old!

I was in touch with you a few months back concerning my daughter's wish to help your organization. Well, she had a lemonade stand, she sold some of her toys and she saved every penny to buy leashes and collars for the dogs in need in Guayabitos. She has put a bag together and sent it to Mexico with her grandparents, Bruce and Gayle Marshall. They will be in touch with you and will deliver the bag. Adriana wanted me to tell you that she sends all her love to the dogs that will be wearing those collars!!!

I have sent a picture of the proud girl as well. This is something that is really in her heart so I am sure you will be hearing from us again. We still hope to come visit this winter and will be in touch if we do.

Thanks, Patti Openshaw

Many Thanks For Your Donations!

"In memory of Tora"

Bruce Hilton and Thomas Plattengerger \$500.00

Tora died due to poison in the streets. Please be very careful when walking your dog. Do not let them eat anything. Those who know Tom and Bruce also know Tora. She was beautiful inside and out. We are all saddened by her sudden and unexpected death and send our deepest sympathies for her loss.

Our goal for the spring of 2011 is to reach \$5,000 worth of donations in order to offer clinics in the Jaltamba Bay Area and also Lo de Marcos in April. So far this year, we have received \$2,840.00 and have \$2,160 yet to go! It will come! We are more than way there and it is still January! Thanks again to all those who have donated in any way: money, donations, and time!

And a special thank you to Dot and Bill for all your support!

Sue and Ian Walmsley's email:

"Joanne from the Provost Vet clinic in Duncan donated the box of supplies including some much desired scales for weighing small animals, gloves and bags of dog food. As well, the box of Geri Pads came from the "Compassionate Warehouse" in Victoria - it is a Lutheran based warehouse that gets obsolete medical supplies etc that get sent all over the world and Sue went down there and got some supplies for the hospital. Their email is www.crwarehouse.ca"

Many thanks to Ian and Sue along with Joanne from the Provost Clinic and the Compassionate Warehouse in Victoria for all the supplies brought to help us.

Also many thanks to the BCSPCA in Kelowna, B.C. and to Sabrina Fedorak, Manager, who donated dog and cat food along with other supplies and brought down by Sue Sieb. How thoughtful, Sue!

Also thanks to Dave and Wendy Reed for donating 5 stethoscopes and to Dr. Wynlee for her donation of surgical masks, Previcox, Sutures and Examination Gloves!
