

## Jaltemba Bay Animal Rescue

Advocating humane and healthy practices for animals in the Jaltemba area by promoting health, education, sterilization, adoptions, foster care and positive relationships with animals and their owners.

December 2006 to October 2010: During this time, there were 8 clinics and more than 1,585 animals spayed or neutered in the Jaltemba Bay area!!

### **JBAR UPDATE: THE NEXT SPAY AND NEUTER CLINIC**

Our next clinic will take place At Tom Plattenberger and Bruce Hilton's home in La Penita, #7 Avenida Libertad across from the beach on November 24th to 27th. This a wonderful place to hold our clinic!!

We are very fortunate to have Dr. Malcolm Macartney along with two others from Victoria, join the PEACE medical team. Dr. Malcolm joined us for the last clinic and we managed to spay/neuter 150 animals! In addition, Dr. Malcolm is bringing down a wealth of clinic supplies. We are so excited to have him back with us!

### **A very special thanks to:**

Tom Plattenberger and Bruce Hilton for hosting the clinic in their home!!! As well, Bruce has already loaded his freezer with his special homemade cinnamon buns! They are delicious! You have to be a volunteer to taste one! Also thanks to Lacy and Vern Porter along with Tom and Bruce for offering accommodation for the medical team.

Thanks to the wonderful folks who are providing all the volunteers with snacks, lunches!!!

\*Natalie (Crazy Nellies Bar),

\*Nancy Milski,

\*Linda McCluskey and the folks from the La Penita Trailer Park,

\*Heather Gunn and her friend Sheila

## LACY'S CORNER: A Week in the Life of Our JBAR Animal Rescuer!

October 24, 2010: Celia and I took eleven cats and dogs (almost all pregnant) to Sayulita Animals yesterday. All were sterilized. We also had one animal with ringworm and I bought medicine and shampoo. They also gave us free of charge wormer for several animals. Charlotte a vet from Mendocino County sterilized 28 animals during that time. Also she had two

consults. Her assistant came with her. Amazing vet! I helped in pre-op and recovery. We had a great time.

November 10, 2010

Last Wednesday Celia and I took three animals to Sayulita Animals to be sterilized. We also took two puppies who have an owner to the clinic to be checked. The puppies were full of fleas and ticks and Marcia (Sayulita vet) helped Celia bath the pups in a special solution to get rid of the pests. The three sterilized animals had potential owners waiting to adopt them. All are doing well and will be picked up this week. I made copies of our clinic notices and will be distributing and posting these beginning tomorrow.
